

## Nexus Study Portal is the global study choice platform. Empowering the world to choose education.

Nexus Study Portal began as a spin-off from a couple of large international study associations. It was born out of frustration, a total lack of information and overview of the fast-growing number of international Master's programmes in Europe. In 2007, Mastersportal.com was developed and proved to be a roaring success. Soon after, Bachelorsportal.com, PhDportal.com, Shortcoursesportal.com, and Distancelearningportal.com followed.

In 2021, we helped 52 million students around the world to explore study programmes and make an informed choice, throughout over 200,000 courses at 3,750+ educational institutes across 110 countries.

## Who we are and why we do what we do
